

HARROW
INTERNATIONAL SCHOOL
BANGKOK

Day Boarding could suit you

Day boarders (Years 6-13) join the Boarding House community from 4pm, have a hot buffet supper and complete their homework while supervised by Harrow Bangkok teaching staff before going home (Tuesday, Wednesday and Thursday only).

During 'prep' time, Harrow staff monitor, assist, guide and teach students to ensure homework is completed to a high standard. Day boarders have more international friends and mix with many different ages and nationalities. They are assigned to a House, and feel part of a big family (they're able to stay in Boarding up to 9pm).

Day boarding works well in many UK private schools, especially for busy parents or those who know their child needs extra support with their homework, or would simply like to feel fully part of the Harrow Bangkok Community.

Please contact K.Kai (Boarding Houses Administrator) 02 503 7222 ext. 3055 or email kai_mu@harrowschool.ac.th, if you would like to talk more about day boarding.
