

Prep and Senior (age 11 years 0 months – 16 years 0 months)

Teacher	Name of Course	Age	Language Level	Description
Jeff Rothwell	Young Engineers	11y0m - 16y0m	All	Giant bridges, fast cars, cool planes if you like the idea of spending your time designing and building engineering projects that would make NASA jealous, this is the course for you. Let your evil genius shine through as you race to build the most awesome gadgets imaginable!
Sapphira Beaudin	Public Speaking for Tomorrow's Leaders!	11y0m - 16y0m	All	Learn to be a confident public speaker in a fun and playful environment! Using proven methods from Toastmaster International's communication and leadership development, we will practise different speeches to be at ease in front of a crowd. If you are a nervous speaker or want to improve your presentation skills, this course is for you!
Harriet Pilkington	Resit revision in preparation for AS and A Level January Maths resit examinations	16y0m - 18y0m	All	This week is aimed at anyone who will be sitting the Maths resit examinations in January. Throughout the week I will schedule classes to cover content for all of the modules which students need to revise, we will do past paper practice and you can ask for help with any of the questions which you have answered in your own revision time. If you sign up for this club you will be guaranteed to get at least 20 hours of revision covered in the first week of the holidays and you will then be prepared to practise all that you have learnt in the following 2 weeks independently.
