

Prep and Seniors (9 – 18 years)

Teacher	Name of Course	Age	Description	Language Level (Beginner, Intermediate or Advanced)
Terry Luna	Christmas is Coming!	7 - 11 yrs. (Y3 - Y7)	The Christmas English, music and arts camp is counting down to Christmas with fun and exciting activities! Write a Christmas short story with illustrations, make Christmas gifts for family and friends, bake Christmas cookies and create your own unique pieces of art as well as sing and play recorders and percussion to songs of the season. Ho, ho, ho...have a merry time!	All levels
James O'Connell	Mad Scientists	7 - 11 yrs. (Y3 - Y7)	Calling all crazy mad young scientists! Do you love thinking about the world around you? Do you like getting your hands dirty? Do you like inventing and building things... and TESTING them? Do you love Christmas? Then this course is for YOU! The crazy young scientists will have a hands-on science session each day with a Christmas twist to develop their scientific understanding.	Beginner/Intermediate
Sapphira Beaudin	Public Speaking for Tomorrow's Leaders!	7 - 15 yrs. (Y3 - Y11)	Learn to be a confident public speaker in a fun and playful environment! Using proven methods from Toastmaster International's communication and leadership development, we will practice different speeches to be at ease in front of a crowd. If you are a nervous speaker or want to improve your presentation skills, this course is for you with 10 mini speech projects.	All levels
Karri Nicholson	Fairy tales - Learning Literacy through Textiles	8 - 12 yrs. (Y4 - Y8)	Combining creativity with literacy. Students will have a storytelling session, which will then lead onto developing their designing and making skills to produce a textiles product. They will create a framed wall hanging or fabric puppet, which will be based on their favourite story. The students will get to be in the new Design Technology Department, making the most of the new facilities. Choice of sports in the afternoon including swimming, badminton and games in the sports hall.	All levels

Teacher	Name of Course	Age	Description	Language Level (Beginner, Intermediate or Advanced)
Jeff Rothwell	Young Mad Engineers	11 – 15 yrs. (Y7 - Y10)	Giant bridges, fastest cars, coolest planes. If you like the idea of spending your time designing and building engineering projects that would make NASA jealous, this is the course for you. Let your evil genius shine through as you race to build the most awesome gadgets imaginable!	Intermediate
Jason Machin	Robotics Engineering	11 - 16 yrs. (Y7 - Y12)	Designing, building and programming robots. Learning how to build basic electronic circuits, learn the mechanics of robotic actions and learning how to code your robot to move. Interested in robotics engineering and future tech? Then this is a good place to start.	All levels
Dava Romyanond	IGCSE Literature Boot Camp	15 - 16 yrs. (Y11)	A five-day intensive review of all three texts (The Secret River, seen poetry, Macbeth) with a view to addressing the IGCSE English Literature (0486) Papers 2 and 3, Questions 1 and 2. Specific focus on the texts upon students' request.	Advanced
Matthew Thorogood	Puzzles and the wonders of maths	8 – 13 yrs (Y4 - Y8)	A fun introduction to game theory – the maths behind games and puzzles! If you like to play games and wonder what the best strategy to beat your friends is, this is for you. We will also work together to look at the maths behind puzzles and end the week building our very own fractal Christmas tree, complete with presents and a fractal star.	All Levels
Ellis Chadwick	The Beginners and Intermediate English Course	9 – 13 yrs (Y5 - Y8)	The Beginners and Intermediate English Course is delivered through hands on learning techniques that will improve all four skills, reading, writing, speaking and listening day by day. The Beginners English Course is a short intensive program designed to be delivered in units of work that will build together over the duration of the week. Each unit will help to improve English, practice questioning techniques, and develop the skills needed for effective communication.	Beginners and Intermediate
