Leadership for a better world

Harrow Bangkok is one of a family of six schools: Harrow School (London), John Lyon School (London), and the Harrow International Schools (Bangkok, Beijing, Shenzhen, Shanghai, and Hong Kong). Links between the schools are strong, as demonstrated by a shared Board of Governors and staff movement within the group. We are a co-educational day and boarding school providing a British style independent boarding school experience, in English, in an Asian context at our state-of-the-art campus in north Bangkok. There is a strong pastoral focus in the school through its ‘house’ system. The curriculum is taught in English.

Our Values
We define ‘Leadership for a better world’ through six leadership attributes which are embedded into all aspects of school life.

Leadership in Action
A Harrow Bangkok education is meaningful and holistic, and for life. We offer a wide and diverse range of extracurricular activities which enrich and extend the academic studies of Harrow Bangkok students, including creative, community and sports activities, develops their leadership skills, and empathy through active involvement in charity and community service. We celebrate students who move beyond the classroom to show a commitment to an all-round education, making ethical decisions that make them better global citizens.

Leadership for a better world
IGCSE (International General Certificate in Secondary Education) courses are taught to students between the ages of 14-16 (Years 10 & 11). Students choose a range of subjects whilst continuing to study English, Maths and Science. At the end of Year 11 (aged 16), students sit external IGCSE examinations. Students will typically complete eight IGCSE courses. Very able students may complete one or two additional IGCSE courses.

IGCSE Subjects

All students study the core subjects of IGCSE English and Mathematics. Students then choose from the following additional IGCSE subjects (they must select at least one science and are strongly encouraged to select at least one language). Art, Biology, Business Studies, Chemistry, Computer Science, Design Technology, Drama, Economics, English Literature, French, Geography, History, Japanese, Mandarin, Music, Physics, Physical Education and Thai. Students also follow a non-assessed Physical Education and Future's Life Skills curriculum.

AS (Advanced Subsidiary) and A (Advanced) Levels

In Sixth Form (Years 12 & 13), students complete their A Level courses. Advanced Level courses are subject based qualifications which are externally assessed by approved examination boards. Students can study up to AS Level and receive credit, or continue to complete full A Levels. Students will typically study four AS courses, sitting external examinations at the end of Year 13. The majority of students will continue on to complete three full A Levels, sitting external examinations at the end of Year 13. In addition, students have additional curriculum time for Physical Education, pastoral tutorials and extended learning courses.

AS and A Level Subjects

AS and A Level courses are offered in Accounting, Art and Design, Biology, Business Studies, Chemistry, Computer Science, Economics, English Literature, French, Further Mathematics, Geography, History, Japanese, Mandarin, Mathematics, Media Studies, Music, Physical Education, Physics, Psychology, and Travel and Tourism.
